# International Textile Ltd adopts Dos & Dye® automation systems

April 19, 2017

Desk Report

 Mi place  10  Tweet

Following to the 1000<sup>th</sup> machine purchased by Raymond Group, Tecnorama is recently has announce a further success as per them. They mention *International Textile Limited* of Karachi as a prestigious client, that recently bought a complete Dos&Dye® System, with Shakerama, Dyrama 100, DWS dissolving unit and Dyrama 500.

Figure 1: Tecnorama's Dos & Dye system.

The Pakistani company, leader in the towels & textile made-up sector, is a serious and reliable manufacturer with a daily in-house production capacity of 60 tons in towels mostly for the international markets as United States, Canada, Australia, European Union, United Kingdom, Emirates.

International Textile Limited chose the Dos&Dye® system to optimize the productivity and quality in laboratory and obtain a better flexibility and competitiveness in production following the evolution trend of industry 4.0.
